“

Studying at OnCampus Hull has been one of the most rewarding experiences of my life. As an international student, the environment here has far surpassed my initial expectations, providing invaluable opportunities to connect with new people and immerse myself in diverse cultures. It has truly felt like a second home. The campus tutors, hospitable office staff, and friends I've made have all been pivotal to my personal growth, exemplifying both politeness and genuine kindness. The class tutors have dedicated themselves tirelessly to guiding us, and I am profoundly grateful to them for being a cornerstone of my learning journey.”

“

I am feeling very great after receiving the sustainability scholarship which gave me a small financial help for my next year in University.

Furthermore, I have experienced a lot of things in my journey of OnCampus Hull at the University of Hull. The tutors were friendly and supportive and the support office team are extremely helpful.”

“

OnCampus has always been like a second family and made me love studying at Hull. One thing I love about OnCampus Hull is how the staff and tutors have an excellent relationship with their students and how they interact with us, making us feel so welcome in a country where we are all alone and missing home.

The tutors are always there to help anytime when needed and have prepared me to the fullest for my undergraduate course at the university by giving me the skills and knowledge I will need. The diversity of students also lets us meet people from all over the world and learn about each other's cultures.”

“

My journey through ONCAMPUS Hull began in January 2024, and ended in August 2024. During this period there were many experiences lived. First I must thank the direction of the Centre, the teachers, and the students I met there, who made my journey through ONCAMPUS Hull a success. After a few years of stopping without studying and returning to a classroom and then in a new country a language different from mine was a challenge that I had to face and if it were not for the patience of the teachers, to all the members of the staff of the Centre, I believe that in the end I would not have academic success. I must thank you for your patience, dedication, commitment and above all the love you put in every student who arrives at the ONCAMPUS. Each subject brought a new learning in my life. At ONCAMPUS I had the opportunity to meet and make new friends with people from different countries, the games and other types of activities that Sarah and her staff has organised in the break time period makes the interaction between students easier and thus helps to build a strong friendships between students. In addition I would like to talk about the city of Hull, at first I thought it was a dead city but over time I realized that it was completely wrong. The city has several activities as in any other, just need to explore it. That's why I say if I had the opportunity to do the Pre-Masters again I would choose ONCAMPUS Hull without any doubt. Thank you very much Staff ONCAMPUS Hull for welcoming me and making the city of Hull my second home and being on my list as one of the best places in the world.”
